“Support the Troops”

Our second volunteer activity this year was a great success. FORSCOM, USARC, Garrison, and NETCOM personnel came together Monday evening and Tuesday morning to make **327** sandwiches for incoming military personnel arriving at the Atlanta Hartsfield-Jackson International Airport on Tuesday morning, 9 Dec 03.

The sandwiches, along with fruit, cookies, and chips, were taken to the USO in time for the troops arriving from Iraq on an R&R flight. Special thanks to those who took the lunches to the airport and met the troops as they arrived.

The timing was perfect. . . The were delivered to the USO by 1015 just as the USO was announcing in the Airport:

"ATTENTION ALL MILITARY..... Headquarters, Forces Command and the American Society of Military Comptrollers have provided sandwiches for you in the USO on the second floor of the Atrium."

The USO and the troops appreciated the food and the support. The sandwiches, fruit, and snacks were already being consumed by the time our folks left at 1130. Great Work Everyone!!

Take a deep breath, relax until next year. I pray you and your families celebrated a blessed and safe holiday season.
